Kyle B was absolutely wonderful to work with. He read the crowd and played music that was upbeat and fun- our guests didn't want to leave when the reception was over! He was flexible, professional, and fun and I would highly recommend him Thank you!!

These guys knocked it out of the park. From... DJ Kyle performing the DJ duties, absolutely no complaints! Almost didn't do a DJ and can't imagine our wedding without one. Kyle is extremely responsive to your input, adept at managing requests, and a wiz on the tables. If you're in doubt, don't sweat it. ...DJ Kyle will take care of you on the big day!

We chose [DJ Kyle] because they were one of the few DJ's we could find who used actual turntables... Kyle was our DJ for the night and we have nothing but the highest praise for him. He was wonderful on our wedding day- we used him for ceremony and reception. Kyle was professional, fun, and extremely flexible which made our night the dancing party I always wanted. The music was perfect, he really worked with and read the crowd to keep the energy high and he was on point with all of the key elements of the night (speeches, cake cutting, etc). And from the beginning the planning process... was so smooth, he is super easy to communicate with and will work with you every step of the way to make your day exactly what you want.
